Civil Air Patrol develops character and advances education. While many volunteer organizations perform activities, our members complete missions for federal, state and local agencies and mentor future leaders of America. Our actions restore hope, rebuild communities and save lives. Beginning at age 12, cadets and senior officers will be challenged and rewarded with confidence, self-worth, and accomplishment, that comes from serving as a member of the United States Air Force Auxiliary. Through your service you will make a difference in the lives of those who are most in need.

JOIN the Civil Air Patrol.
Make a difference in our Community, State, and Nation.
